

Briefing ESSL

Version 2022-02-25

Arrival RWY 11-29, TWR Closed

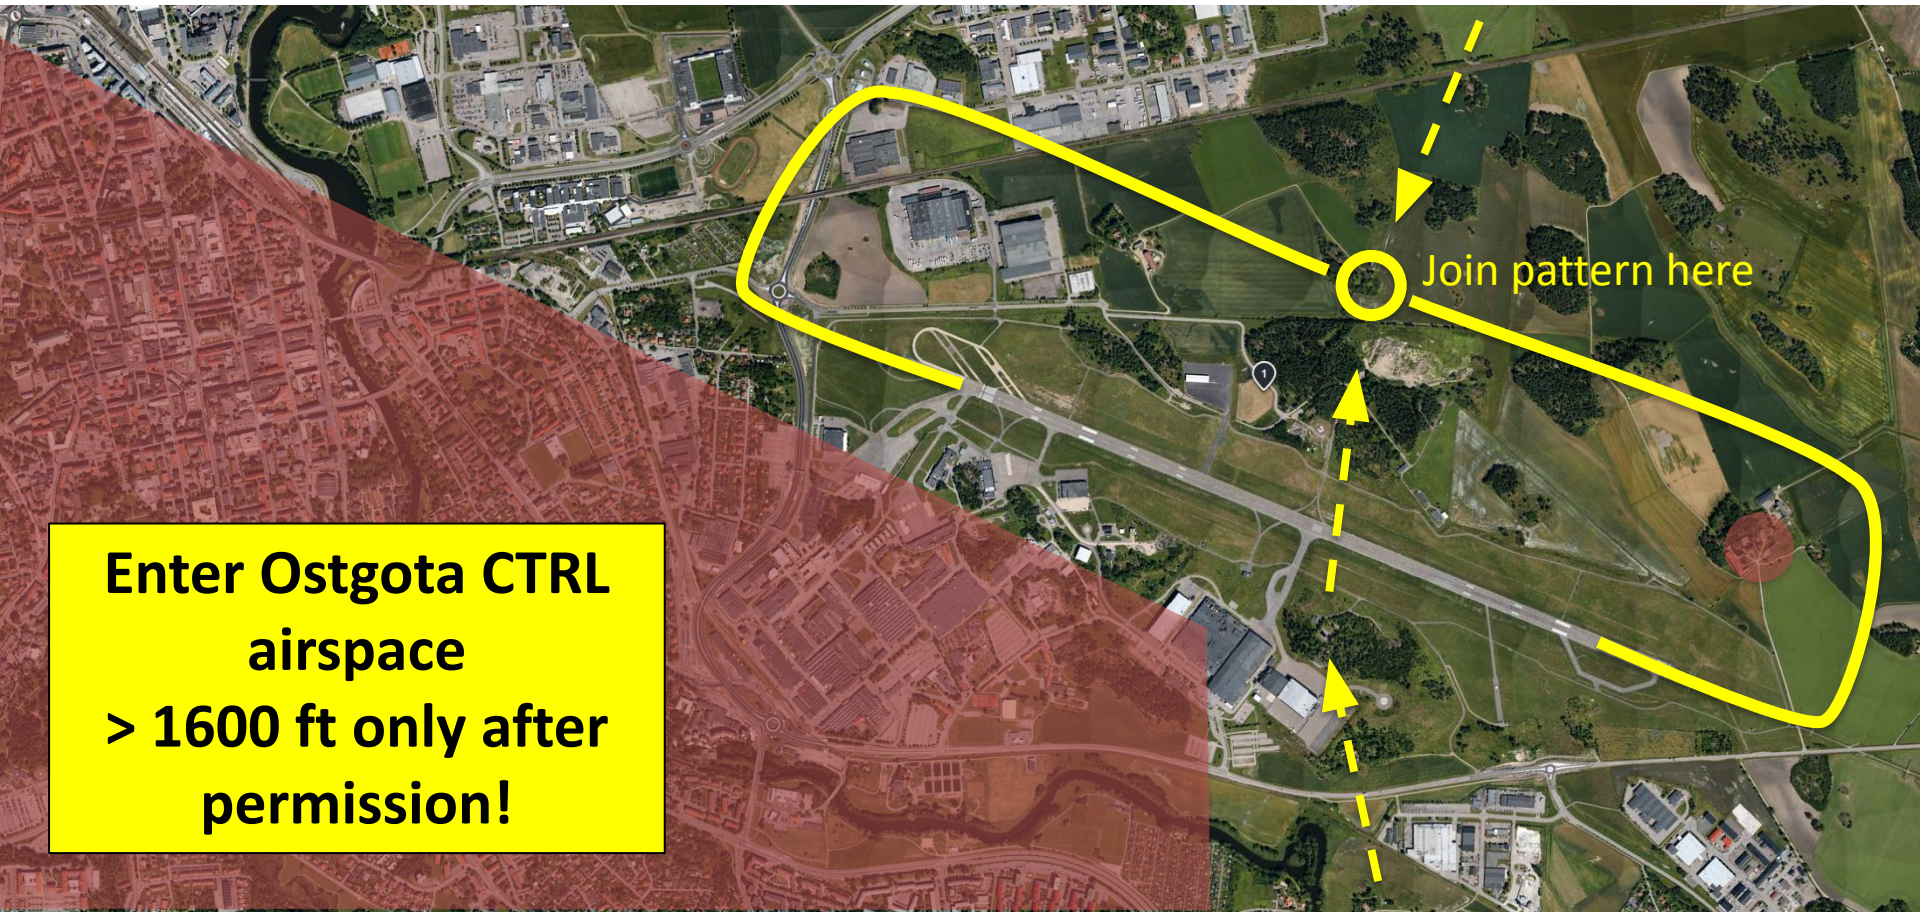

Avoid flying overhead city of Linköping (Minima 2000 ft above Linköping)

Fly and turn north of the RWY.

NOTE: RWY moved 600 m east compared to photo!

Aim for the TWR and join traffic pattern at 1000 ft

Close flight plan via Ostgota CTRL or phone +46 8 585 545 05

**Enter Ostgota CTRL
airspace
> 1600 ft only after
permission!**

Photo restrictions

SAAB (south of the runway) is a protected area.

- Photo is OK **away from SAAB!**

This applies both on ground and in the air.

**Refueling 91/96 or 100LL available
after PPR to info@lfk only.**

**Clearance required to enter L and to
pass RGL when TWR is open.
Always call on 118.805**

- Night flight is impossible outside TWR-open hours
- Instrument procedures for landing, only usable during TWR-open hours.

För svensktalande rekommenderar vi H50P kompendiet
"Flygning vid okontrollerad flygplats"

Close your flight plan after landing!

Call 08 585 545 05

In southern Sweden 040 50 16 05

Aktivering av färdplan är en förutsättning för att alarmerings- och flygräddningstjänst ska kunna utövas för flygningen.

Därför är det också viktigt att avsluta färdplanen vid landning.

Om färdplanen inte avslutats vid ETA + 30 minuter påbörjas efterforskning och JRCC kopplas in.

Have a safe journey!
Welcome back!
